# CT Faceplates

At the work area, Siemon CT faceplates offer a sleek, clean appearance for mounting CT couplers. Designation labels cover the mounting screws (included) and provide ample circuit identification.
**PATENTED**

**Write-on circuit designation labels —** Protected by clear plastic cover conceal the mounting screws

**Faceplates and CT couplers —** Are available in a wide range of colors. Stainless steel versions are also available

**UV resistant, high impact plastic —** Prevents color fading and provides added durability

**Sheets of designation labels —** Can be ordered for use with desktop printers

**Couplers —** Can be easily snapped out of the front of the faceplates, making moves, adds, and changes quick and easy

**Cutouts—** Allow couplers to pass through plates enabling mounting of faceplates after cables are terminated

**Faceplates —** Include quick pressure-release designation label covers for quick, tool-less removal
